

The Federal Communications Commission

Dear The Federal Communications Commission,

Hello, I think it is not right for you to raise up the taxes,because some people might not have enough money for it.I only use my cell phone for safety.All you guys want is peoples money,and thats not right.Please think about others and not your selves. thanks for your time.  
Keep the USF Fair!

Sincerely,

Kerstin Carden  
PO BOX 21
